

English Proficiency Exam Guide

For ICAO Language Proficiency Candidates

English Proficiency Exam Guide

Part 1: Semi-Direct Part

18 randomly generated questions from the dedicated language assessment platform's question bank

Duration: approx. 25 minutes

Question Types:

1. General questions (e.g. What initially drew you to aviation?)
2. Technical questions (e.g. What are the necessary checks to be performed before a flight?)
3. ICAO phraseology and alphanumerics (e.g. Spelling the ICAO phonetic alphabet and numbers)
4. ATIS comprehension and radio communications (e.g. Clearance readback)
5. Image description (e.g. A photo of an aircraft landing / a flight path)

Part 2: Interview with the Examiner

A one-on-one conversation with the examiner.

Duration: approx. 10–15 minutes

Common Topics:

- The candidate's aviation background
- Training and career motivations
- Personal preferences related to aviation subjects

Please Note:

1. Questions are personalized based on the candidate's position (Aircraft Pilot – fixed wing/rotary wing – or ATC) and level (Student or Professional).
2. Factual errors (e.g. Incorrectly identifying an aircraft type) do not negatively affect your rating.
3. Respond in full, cohesive sentences unless special phraseology is required.
